envu[™]

Space spray solution for adult mosquito management

Active Ingredient:

Deltamethrin 1.25% ULV

Recommendations for use:

Kingfog is recommended for outdoor application for the control of adult mosquitoes in public health by thermal or Ultra Low Volume (ULV) fogging

Key features and benefits:

Quick results due to knock down action

Long lasting residual effect even on alkaline surfaces

Certified with BIS ISI Mark

Powerful flushing properties with broad spectrum of activity

Virtually invisible spray residues on treated surfaces

Mode of Action:

Kingfog acts on insect by contact action and has a knockdown effect. In the insect body, it affects the nerve transmission by acting on axon and the lipophilic nature promotes quick action.

Dosage:

Insect Pest	Method of Application	Dosage/ha (10000 m2)		
		a.i. (g)	Formulation (ml)	Dilution in diesel (l)
Adult Mosquitoes	Thermal Fogging	0.5	50	10
	Ultra low volume application	0.5	50	0.5

Antidote:

Diazepam. Treat symptomatically

Packs:

1 litre.
